OREGON NURSERY COMPANY

Established 1867

ORENCO PORTLAND SCAPPOOSE

M. McDONALD, President

Since 1891

CONDENSED CATALOGUE

and

GENERAL PRICE LIST

of

Fruit, Shade, Ornamental Trees

Roses, Vines, etc.—Complete Assortment

Approved Varieties of Reliable

Nursery Stock

PORLAND OFFICE: 2024 N.W. 26TH AVENUE

TERMS

Prices herein are for trees or plants delivered at your nearest freight, express or postoffice. Manner of shipment is governed by the size, weight and class of stock in your order. All orders must be accompanied with a deposit of 20% (one-fifth) of the amount of order, balance when you receive the stock (shipped C. O. D.) unless previously arranged otherwise. Orders desired shipped some particular manner or route, must so state on orders. Your assistance in this matter will enable us to serve you better.

If it is desired that we send another variety when out of the kind ordered, instruct us accordingly, as we do not substitute unless so ordered.

Digging and shipping season begins with us in October, and continues into April with but little interruption on account of climatic conditions.

GUARANTEE OF GENUINENESS

We exercise care to have our trees and plants true to name and will upon proper proof replace free any trees or plants that prove untrue to label. It is, however, understood and agreed between the purchaser and ourselves that we are not to be held liable for any sum greater than that paid us for such trees that may prove untrue.

Orders are accepted by us only upon the mutual agreement between the purchaser and ourselves that we shall not be held responsible for other damages.

Claims, arising from any cause, must be made promptly on receipt of shipment. We cannot entertain claims made after stock has been accepted. All claims must be filed within ten days after shipment has been received from carrier.

NOTICE

All orders are accepted by us on condition that they shall be void should injury befall the stock from any cause over which we have no control.

Supply and demand ever will be the yardstick that measures values. The supply of today may change the value of yesterday in any commodity and also the demand of today may quickly change the price value of yesterday. We are always ready to meet the conditions of today. We reserve the right to change our prices without notice.

PRICE LIST
